**After Hours Emergency Service Available 24/7**

The Peace River Veterinary Clinic has been open for routine appointments on Saturday's for many years and recognizes that it is an important part of servicing this great community. We are currently experiencing a veterinary shortage that is affecting the veterinary profession across the province and the country. In order to keep our veterinary staff available to provide top quality service to our valued patients and clients in the long term, effective January 6th 2020, we will no longer be offering routine service hours on Saturdays - our hospital will be closed.

**Emergency services will remain available as per usual, and we will be pleased to help with any urgent issues that arise with your pet or farm animal.**

We know this change in schedule will cause disruption for clients and may be an inconvenience.

To that end, we will open for extended hours on Thursday evenings until 7:00 PM for retail purchases and prescription pick up. We plan on reinstating our Saturday schedule by June of 2020.

**We thank you for trusting us with your livestock and pets and we will continue to provide consistent, quality patient care for you.**
